Person with day-to-day responsibility for Project (if different from authorized representative)		
Michael Shott	Public Works Project Supv.	(626) 939-8425
Name	Title	Phone
Brief description of Project This project consists of the installation of water/cost saving evapo-transpiration (ET) controllers, irrigation material, and associated appurtenances at Palmview Park. This project will (1) reduce water consumption by approximately 30% and save 6.82 acre feet of water annually; (2) improve turf condition to provide safer/better neighborhood parks; (3) provide data demonstrating on-going water saving for in-house purposes as well as public information.		
I certify that the information contained in this Project Application form and Application requirements is accurate.
